Foreword

IN ACCORDANCE with the law, the Department of Public Instruction, in cooperation with the State Dental Council and Examining Board, has made an effort to register all legal practitioners of dentistry and dental hygiene within the State for the year beginning April 1, 1940 and ending March 31, 1941. The following list of dentists and dental hygienists includes all those who registered for the above mentioned period up to and including February 28, 1941.

It is hoped that each registrant will aid the Department in perfecting the list and also in spreading abroad the information relative to legalized practitioners. This knowledge by the citizens of the Commonwealth will tend to prevent serious consequences resulting from the activities of illegal practitioners. Public announcement in each community of the names of its legal practitioners should be considered as a safeguard to the public.

Francis B. Haas

March, 1941

All Practitioners to Be Registered

SECTION 3 of the Act approved May 1, 1933, as amended by the Act of April 30, 1937, provides inter alia "The State Dental Council and Examining Board created, appointed, and organized in accordance with the provisions of the Administrative Code, and its amendments, shall have power:

(j) To provide for, regulate, and require all persons licensed in accordance with the provisions of this act to register annually with the board; to prescribe the form of such registrations; to require, as a condition precedent to such annual registration, the payment of such annual registration fee as shall be fixed according to law; to issue annual registration certificates to such persons; and to suspend or revoke the license or registration of such persons as fail, refuse or neglect to register annually, or pay such fee. The Department of Public Instruction shall be required to publish annually a list of the persons registered for that particular year.

(k) To keep a record, and it shall be the duty of the board so to do, of all licenses and registrations issued and all registrations made with the board, and to prescribe the form of such record.

Section 4. Fees.—The fee for an applicant for examination and licensure to practice dentistry or as a dental hygienist in this Commonwealth shall be fixed

by the Department of Public Instruction in accordance with existing law. It shall be the duty of all persons now qualified and engaged in the practice of dentistry and dental hygiene, or who shall hereafter be licensed by the board, to register annually with said board, and pay for each such annual registration such fee as may be fixed by the Department of Public Instruction.*

Section 10. Penalties.—It is unlawful for any person to practice dentistry, or to hold himself or herself out as a practitioner of or entitled or authorized to practice dentistry, or to assume any title of "dentist," "dental surgeon," or other letters or titles in connection with his or her name which in any way represent him or her as being engaged in the practice of dentistry or authorized so to do, unless he or she has been duly licensed, registered, and authorized to engage in such practice under the provisions of this act.

It is unlawful for any person to practice dentistry or as a dental hygienist under a name other than that on his or her license and annual registration, or to practice under the name on his or her license and annual registration with any addition thereto, except a purely technical appellation such as "Dentist," "D. D. S.," "Orthodontist" or other word or letters pertaining strictly to the practice of dentistry, or to induce any person to practice dentistry or as a dental hygienist in violation of this act.

---

* Annual registration fee is one dollar ($1.00) per year. The registration period extends from April first of one year to March thirty-first of the following year.

It is unlawful for any person to sell, offer to sell or barter or exchange any diploma or document conferring or purporting to confer any dental degree or any license or registration certificate issued according to law regulating the licensing of dentists or dental hygienists, or to alter any such document with fraudulent intent, or to use it as a license or registration certificate to practice dentistry under an assumed name, or to make any false statement in an affidavit relating to or in an application for a license.

It is unlawful for any person to practice dentistry or as a dental hygienist unless his or her license and annual registration certificate are displayed [in his or her regularly established place of business] in the office in which he or she is practicing dentistry or as a dental hygienist.

It is unlawful for a person practicing dentistry to employ a dental hygienist as his or her assistant unless such assistant is licensed and registered as a dental hygienist as required by this act and the rules and regulations of the board.

It is unlawful for any dentist to permit any dental hygienist operating under his general supervision to perform any operation other than those included within practice as a "Dental Hygienist," as defined by section two of this act.

It is unlawful for any dental hygienist to perform any of the operations included in practice as a "Dental Hygienist," as defined by section two of this act, except under the general supervision of a licensed and registered dentist.

Any person violating any of the provisions of this section, or any other provisions of this act, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be sentenced to pay a fine not exceeding five hundred dollars, or to suffer imprisonment not exceeding six months, or both, in the discretion of the court."
